

GrowthPilot AI

The AI marketing copilot for every business.

Raising \$4M seed.

Founders: experienced operators from the marketing tech industry.

The Problem

Marketing teams waste time writing copy, planning campaigns, and analyzing performance across channels.

Our Product

GrowthPilot AI generates marketing copy, ad creative, and campaign plans using generative AI, with one-click publishing to major ad platforms.

Traction

500+ paying customers on our platform today.

\$8,000 MRR and growing fast.

Customers love our \$500/month Enterprise plan for its ROI.

Market

The global marketing technology market is worth \$120 billion and growing 15% annually. Every business that does marketing is a potential customer -- a massive TAM.

Team

Our founding team has deep experience in marketing technology and has built successful products before.

The Ask

Raising \$4,000,000 at a \$30M post-money valuation to accelerate growth.
